Complete an Annual Student Loan Acknowledgment for Federal Student Loans

We recommend you complete an Annual Student Loan Acknowledgment each year you accept a new federal student loan. Our goal is to help you understand your loans and how they affect your financial future.

If this is your **first time accepting a federal student loan**, you are acknowledging that you understand your responsibility to repay your loan.

If you have **existing federal student loans**, you are acknowledging that you understand how much you owe and how much more you are eligible to borrow.

You'll also see other federal student aid information, including the interest rates and repayment options to make managing your student loans easier.

This is not entrance counseling. If your school advised you to complete [entrance counseling](#) provided by Federal Student Aid, you may complete the counseling online.

Seleccionar Graduate or Professional Student:

Select your student status to begin.

If you are a parent, **and** are taking undergraduate or graduate courses, select the option for your education. Do not select the parent option.

Each field has a 'Forgot My Username' or 'Forgot My Password' link below it and a help icon (question mark in a circle) to the right. A blue 'Log In' button is positioned below the password field.
